Access Message Group details, clear chat history on your screen and more!

Use the + symbol to open the multimedia tray where you can send an image, audio or video message and attach a file. If your organization is using Email and SMS and your account is permissioned to send these, you can also access Email and SMS here.

The chat box allows you to send permission-based messages. Please view our message guide for role permission details.
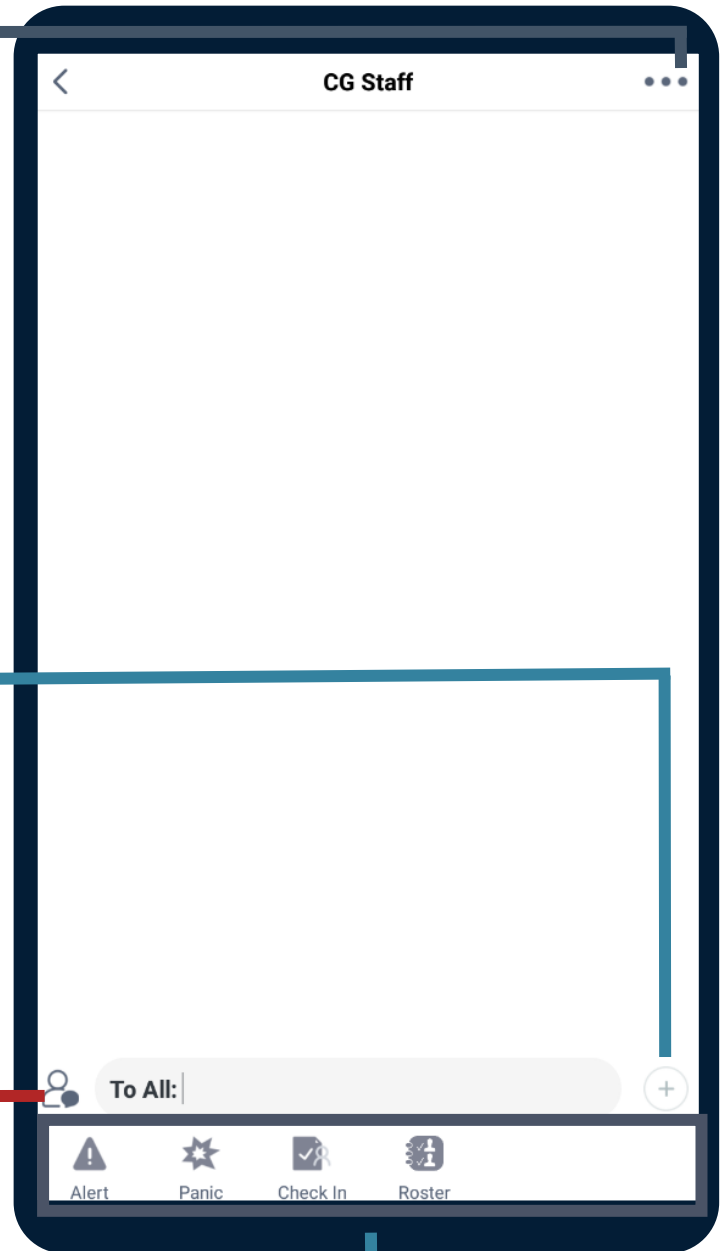

The various tools that your organization has enabled for your group will be available for use below the chat box. The tools you have available may vary from the example shown here.
